**Empower Your  
Hospitality  
Business with  
Reliable, Scalable  
IT Solutions**

# Technology to Keep Your Business Thriving

In the hospitality industry, seamless technology is crucial for delivering exceptional guest experiences, optimising operations, and ensuring security. At Wanstor, we understand the unique challenges faced by hotels, restaurants, and leisure businesses: the need for robust Wi-Fi, seamless booking systems, cybersecurity, and real-time operational insights.

## Enhancing Guest Experience and Operational Efficiency

With decades of experience and a proven track record, we provide tailored IT solutions that help you enhance guest satisfaction while keeping your business running smoothly.

**We are proud to support some of the UK's leading hospitality brands with  
with best-in-class IT solutions**

# Solutions we help with

## Business Transformation

Technology-driven change is key to staying competitive in the fast-paced hospitality sector.

### Key Challenges Addressed

**Outdated Systems Slowing Operations:** Legacy IT can create inefficiencies and impact guest experience.

**Lack of Integration:** Disconnected booking, POS, and management systems lead to inefficiencies.

### Our Solutions

**IT Modernisation:** Upgrade legacy systems with cloud-based, scalable solutions.

**Business Transformation:** Ensure a smooth flow of data between booking platforms, payment systems, and back-office operations.

### Business Outcomes

**Enhanced Guest Satisfaction:** Provide seamless experiences with efficient, modern technology.

**Operational Efficiency:** Streamline workflows and reduce manual processes.

## Managed IT Operations

Optimised operations are key to maintaining high service standards and business profitability.

### Key Challenges Addressed

**Unreliable IT & Downtime:** Technical failures can cause disruption in service, and lead to revenue loss and frustrated guests.

**Inconsistent IT Support:** Slow response times can impact guest satisfaction and staff efficiency.

### Our Solutions

**24/7 IT Support:** Ensure continuous uptime and quick resolutions for IT issues.

**Cloud Services & Backup:** Secure and scalable solutions to keep your operations running smoothly.

### Business Outcomes

**Increased Reliability:** Reduce downtime and ensure seamless guest interactions.

**Cost Efficiency:** Optimise IT spending while maintaining high performance.

## Secure Productivity

With growing digital transactions and guest data collection, security is more important than ever.

### Key Challenges Addressed

**Cybersecurity Threats:** Hospitality businesses are prime targets for cyberattacks and data breaches, compromising guest data and operations.

**Compliance & Data Protection:** Meeting GDPR and PCI DSS requirements is critical for guest trust.

### Our Solutions

**Advanced Cybersecurity:** Implement multi-layered security for payments and guest data.

**Regulatory Compliance Support:** Ensure compliance with hospitality industry security standards.

### Business Outcomes

**Stronger Security Posture:** Safeguard guest and business data from cyber threats.

**Enhanced Trust & Compliance:** Build guest confidence with secure, compliant operations.

## Why Choose Wanstor?

- ✓ **Industry Expertise:** With extensive experience in the hospitality sector, we understand the IT challenges faced by hotels, restaurants, and leisure businesses. Our solutions enhance operational efficiency while improving guest experiences.
- ✓ **Customer-Centric Approach:** We work closely with hospitality businesses to design IT solutions that align with operational goals and elevate service standards.
- ✓ **Comprehensive Services:** From high-speed guest Wi-Fi and cybersecurity to cloud-based booking platforms and IT support, we provide end-to-end solutions tailored to your business.
- ✓ **Proven Track Record:** Trusted by top hospitality brands, we deliver reliable, secure, and scalable technology solutions that drive business success.

**Our service delivery framework and expert IT support ensure seamless end-user experiences, empowering your firm to focus on delivering outstanding client services while we handle the technology.**
